SAVADE AIRSOFT

January 1, 2018 Week 01

Annual Outlook - A New Chapter

Savade Airsoft and Central Maine Airsoft Community will be open as of January 7, 2018. At least one five-hour event will be hosted per month, with no admission prices. Savade Airsoft has made it a mission to eliminate unnecessary playing costs. In 2018, we are looking to just be a centralized area for players to come and enjoy the sport on weekends.

Changes Since Last Season

Gameplay, field rules, boundaries, and many other things have changed since last season. To note, policies about field alteration have drastically changed. Players will now have the chance to alter the playing field; dig encampments, fortify locations, and build patrol fortifications.

What does this mean for 2018?

A completely new and compact *Field Guide* will be published to our now weekly-updated website.

Changes scheduled for 2018 will be detailed in the *Field Guide*, including player expectations.

Upgrade/Tech Work and Discounted Shopping through Savade

Savade Airsoft will still continue to perform upgrades and tech work on any weapon used at our field. Pricing will be outlined in the *Field Guide*. Discounted Shopping through Savade will also continue, as some players find it either easier to order through Savade, or find it cheaper to order through Savade. Coming soon in 2018 will be an online order submission form. Simply just fill out your order online, and check out using PayPal! This feature will also be explained in our new edition of the *Field Guide*.
